

Care Forward Colorado – coverage for CNA training.

[CARE Forward COLORADO – Colorado Community College System \(cccs.edu\)](http://cccs.edu)

**Starting now**, students who enroll in one of the included healthcare certificate programs will take their courses for free. The funding covers:

- tuition
- fees
- course materials

Find a program near you by going to their website [Care Forward Colorado](http://Care Forward Colorado) and look for participating colleges.

CHCA has also added a [“hover-over” map](#) for members to look for programs within their county. All of the participating programs are included in the map, as well as other DORA-approved CNA training programs.

**Colorado will pay for Community and Technical College C.N.A. courses – all over the state!**
